Vacant or unoccupied homes are covered during the **Coverage Period** as long as they are maintained and not abandoned.
3. **Seller Listing Home Coverage** is not available to an owner of investment and/or rental properties.
4. During the **Coverage Period**, We will reimburse You for up to \$2,500 total in aggregate costs for access, diagnosis, and repair/replacement of **Covered Products** as specified in Your **Coverage Summary**.

If You are filing a **Claim** subsequent to payment of the applicable coverage fees from escrow funds (from the closing of the property sale) but prior to **Distributor's** receipt of such fees, You may be required to provide proof of payment from escrow funds.

C. WHAT YOUR SERVICE PLAN COVERS

This **Service Plan** provides for the reimbursement of the costs of covered parts and labor due to a **Failure of the Covered Products** as defined on Your **Coverage Summary**. The reimbursement amount will cover the amount authorized by Us, up to the limits as specified on Your **Coverage Summary** based on what We would ordinarily expect to pay, which will be calculated using costs sourced from an independent third-party partner for the proposed repair, which shall constitute the reasonable allowance for the fair value of the repair (the **Authorized Dollar Amount Limit**). Please note that in some circumstances where We have authorized Your **Service Provider**, You may be required to pay a remaining balance due to Your **Service Provider** for each repair/replacement, which will not exceed \$500 above the **Authorized Dollar Amount Limit** for any one claim, except if the total cost exceeds the **Product Limit of Liability**. Any costs exceeding the **Product Limit of Liability** on any one claim, or the **Aggregate Limit of Liability** during the **Coverage Period**, will be solely the **Customer's** responsibility and are not covered under this **Plan**.

The appliances or system must be:

- 1) Located within the confines of the main foundation of the **Residential Property** or garage (with the exception of the exterior pool/spa, well pump, septic tank pumping, exterior sewer/septic line, heating system and air conditioner);
- 2) In good working order on the **Service Plan Start Date**;
- 3) Properly maintained and properly installed throughout the **Coverage Period**; and
- 4) Domestic grade (meaning those items manufactured and marketed solely for use in a **Residential Property**). This **Service Plan** does not cover costs for maintenance.

This **Service Plan** applies to **Covered Products** identified on Your **Coverage Summary** within one single-family residence, condominium, town house, modular home or manufactured home that has been anchored to a permanent foundation and not moved during the **Coverage Period** under 5,000 square feet, unless You have applied and received prior approval from Guard Home Warranty's Sales Department to cover an alternative dwelling type (i.e. 5,000 square feet up to 10,000 square feet) the **Residential Property**. Duplexes, triplexes and fourplexes are also covered if the appropriate fee is paid and coverage is specified on Your **Declaration of Coverage**. Coverage is for owned **Residential Property**, not rented as short-term rental (such as Airbnb or VRBO) or commercial property or premises used for business purposes.

We are not responsible for the cost of construction or carpentry made necessary by different dimensions. If authorized for a replacement, this **Plan** does not match brand, color, dimensions, or special configurations.

Refer to the **Declaration of Coverage** for the exact amount of Your **Service Call Fee** per **Claim**. In the event You have multiple **Covered Products** of the same type (falling within the same sections as set forth below), unless specified otherwise under a **Covered Product** or optional coverage is purchased, We will only cover the first **Covered Product** of each type reported by You, unless optional coverage is purchased.

E. SERVICE REQUEST TICKETS - TO REQUEST SERVICE

1. Notice of any Failure must be reported to Us immediately upon discovery and must have occurred during the Coverage Period. We will accept Service Request tickets 24 hours a day, 7 days a week, 365 days a year. To put in a Service Request ticket, You must go to <https://guardhw.com/claims>. If unable to request service online, call 1-800-600-5129 to submit a new Service Request ticket. Upon the submission of a Service Request ticket, You will receive the ticket number for the Service Request. You may be required to provide copies of routine maintenance prior to Claim authorization.

2. You may contact a Service Provider of your choice to diagnose the issue. The Service Provider must be licensed and insured.

3. Upon the Service Provider arriving at Your Residential Property and diagnosing the issue, You or they must call Us at 1-800-600-5129 prior to the Service Provider performing any repairs so that We can determine if the recommended repair or replacement is covered under the Service Plan and to authorize Your Service Provider to perform the repair or replacement. For Us to authorize any repair, the following must be provided: a detailed estimate, including a diagnosis and itemized repair costs including parts and labor. If We deem the estimate from Your Service Provider is in excess of what We would ordinarily expect to pay, which will be provided to You as the Authorized Dollar Amount Limit for the repair. We will not authorize the repair or replacement, unless You choose to move forward with the repair and agree that You are responsible for all excess costs beyond the Authorized Dollar Amount. We will not reimburse for services performed without prior approval by Us. We will determine what repairs constitute an emergency and will make reasonable efforts to expedite authorization of emergency service.

4. If the appliance or system needing repair is covered by the Service Plan, and We have authorized Your Service Provider, We will approve the repair/replacement including costs for parts and labor. The covered amount We offer You as the Authorized Dollar Amount Limit for coverage related to the Service Request will be based on what We would ordinarily expect to pay for the same Covered Product or part and labor to repair such Covered Product, which may be less than the amount you paid, based upon costs sourced from an independent third party partner, for the proposed repair, which shall constitute the reasonable allowance for the fair value of the repair. Additionally, We will record the Authorized Dollar Amount Limit on the Service Request ticket, which will be visible to You. Please note that in some circumstances, You may be required to pay Your Service Provider for the remaining balance due for each repair/replacement, which will not exceed \$500 above the Authorized Dollar Amount Limit for any one claim, except if the total cost exceeds the Claim Limit of Liability. Any costs exceeding the Claim Limit of Liability on any one claim, or the Aggregate Limit of Liability during the Coverage Period, will be solely the Customer's responsibility and are not covered under this Plan.

5. When the proposed repairs have been completed and the Service Provider has provided You with an invoice of itemized costs associated with the repair, You will update the Service Request ticket. You will need to attach an image of the invoice with the itemized costs on the reply message of the Service Request ticket as proof that the work has been completed.

6. Upon Us receiving the invoice in the Service Request ticket, We will process the payment to reimburse You for the costs associated with the repair/replacement that was authorized, up to the Authorized Dollar Amount Limit provided by Us for the repair. For every approved claim, You will be responsible for a Service Call Fee as specified on Your Declaration of Coverage for processing and handling the Service Request ticket. The Service Call Fee will be deducted from the Authorized Dollar Amount Limit when We process the payment for authorized repairs that have been completed. If the Service Provider requires payment while on the jobsite, then You will need to submit the receipt of payment for reimbursement. We will only reimburse for services performed with prior approval by Us, up to the Authorized Dollar Amount Limit provided by Us for the repair.

7. If no covered Failures are discovered or repaired during a service call, You are responsible for the entire cost to the Service Provider.

8. If Your Product is not repairable, We, at our sole discretion, will authorize a payment equal to a comparable replacement Product. When issuing a payment for the cost of a replacement product, We are responsible for replacement equipment of similar features, capacity, and efficiency, but not for matching dimensions, special configurations (i.e. short vs tall water heaters, small space configurations, etc.) brand, or color. We are not responsible for like-for-like replacement of a Covered Product if the Covered Product contains any features that do not contribute to the product's primary function including, without limitation, TVs or Radios in Refrigerators. We will use the following considerations when sourcing a replacement product:

- Appliances:
 - Refrigeration/freezer: Cubic foot capacity, Door Dispenser, and Style (side by side, French door, etc.)
 - Laundry: Gas/Electric, Front or top load; Capacity
 - Cooking: Gas/Electric; number of burners
- Water Heater: Gas/Electric; gallons
- HVAC: Seer and Tonnage; System type (i.e. Heat Pump, split system, etc.)
- Plumbing Fixtures: equivalent current grade

In situations where the Covered Product is a system, such as heating and cooling, the failed component of that system is the only eligible Covered Product considered for replacement or payment, unless Guard Plus coverage is purchased at an additional charge. The payment shall not exceed the Product Limit of Liability listed on Your Declaration of Coverage, nor the original purchase price of the Product, as determined by a receipt or our records. The amount listed on the Declaration of Coverage for the Covered Product is not the amount You are automatically entitled to receive. The coverage for the Claim will be based on the cost We would ordinarily expect to pay for a comparable product.

F. LIMIT OF LIABILITY AND CONDITIONS

1. Our maximum obligation under this Service Plan will not exceed the Aggregate Claim Limit of Liability as listed on Your Declaration of Coverage during the Coverage Period.

2. Our obligation to reimburse for any repair or replacement of a Covered Product will not exceed the Product Limit of Liability as listed on Your Declaration of Coverage during the Coverage Period. We will not pay more than the original purchase price for any Covered Product. Please note that in some circumstances, where We have authorized Your Service Provider, You may be required to pay Your Service Provider for the remaining balance due for each repair/replacement, which will not exceed \$500 above the Authorized Dollar Amount Limit for any one claim, except if the total cost exceeds the Claim Limit of Liability. Any costs exceeding the Claim Limit of Liability on any one claim, or the Aggregate Limit of Liability during the Coverage Period, will be solely the Customer's responsibility and are not covered under this Plan.

3. All equipment covered by this Service Plan must be in good working condition as of the Service Plan Start Date and be reasonably clean and accessible at the time of service. This Service Plan does not cover known pre-existing conditions, defects or deficiencies.

4. We are not a Service Provider and are not ourselves undertaking to repair or replace any such systems or components.

5. In the event that there is any other collectable insurance, warranty, or guaranty coverage available to You covering a loss also covered by this Service Plan, this Service Plan will pay in excess of and not contribute with other insurance, warranty or guaranty. We will not pay for labor or parts covered under a manufacturer's warranty.

6. This Service Plan does not cover the cost of closing walls, floors, or ceilings except as stated as Covered under Ductwork and Plumbing System/Stoppage.

7. If service is required, You agree to make the product reasonably accessible to the Service Provider. If the item is not accessible, the Service Provider will have the option of declining to provide service or assessing You an additional charge for making the product accessible, commensurate with the difficulty in working on the product.

8. LAWS, CODES AND REGULATIONS: Unless the Guard Plus Add-On is purchased and subject to the limitations specified under Section C.11 Guard Plus Optional Coverage, this Service Plan does not cover correcting or upgrading any parts, system, appliance, or electronic equipment in order to comply with any federal, state or local laws, regulations, or ordinances or utility regulations, or to meet changes in efficiency requirements (including but not limited to, heating system efficiency requirements), or to meet current building or zoning codes requirements, or to correct for code violations. This includes any corrections or upgrades at the time of repair, which are required by law, regulation or ordinance. We are not responsible for service when permits cannot be obtained, nor will We pay any costs relating to permits.

9. Multiple Unit and Investment Properties:

a. If this Service Plan is for a duplex, triplex, or fourplex dwelling and Coverage is indicated on Your Declaration of Coverage, then all units within the dwelling must be covered by one Service Plan for coverage to apply to shared systems and appliances.
